

Helping patients by financing the purchase of medical equipment

Medical Equipment Donation Scheme (for Hospitals) 2015-2016

Dear Friends,

Tung Wah Group of Hospitals (TWGHs) has been serving the Hong Kong community for 145 years. Since the establishment of the first Chinese hospital – Tung Wah Hospital in 1870, TWGHs has strived to develop and enhance its medical services, and currently there are five hospitals under Tung Wah Group viz. Tung Wah Hospital, Kwong Wah Hospital, Tung Wah Eastern Hospital, TWGHs Wong Tai Sin Hospital and TWGHs Fung Yiu King Hospital. With our professional medical team, the efficacy of medical treatment can be further enhanced with the assistance of advanced medical equipments. Due to the high cost of medical equipments and limited resources, we cannot acquire all necessary equipments for needy patients. We cordially invite your support by making donations towards the Medical Equipment Donation Scheme (for Hospitals), which will enable us to enhance the medical facilities for needy patients and facilitate them to battle against illnesses.

The fear and helplessness of those suffering from serious illness is not hard to imagine. Besides an enthusiastic medical team, they also need the necessary equipment for a speedy recovery. A caring heart indeed changes someone's life.

Are you willing to support the scheme and bring a smile back on the patient's face?

All your donations will be used for purchasing the appropriate medical equipment. In appreciation of your generosity, a plaque with your name engraved on it will be displayed on the equipment funded by you. Please refer to the attached brochure for more details.

Please act now and offer your kind and generous support to the patients in need!

- ◀ A Neurothesiometer was donated to Tung Wah Eastern Hospital for diagnosis of diabetic foot neurological disorder. It helps about 5,000 man-times per year.
