

Medical Equipment Donation Scheme 2019/20

Tung Wah Group of Hospitals (TWGHs) is one of the largest charities in Hong Kong. For the past 149 years, it strives to provide a full range of medical and community services, upholding its mission “To heal the sick and to relieve the distressed.”

In order to take good care of the patients, besides a team of medical professionals, acquiring the advanced and effective equipment becomes indispensable. TWGHs has been running the “Medical Equipment Donation Scheme” since 1990 to raise funds for the purchase of the latest medical equipment for the 5 hospitals under the Group. In 2010, the Scheme has been extended to the community service centres to finance the auxiliary medical facilities. With the donation support, more than 180 pieces of equipment were sponsored for our hospitals and community service centres last year.

Your kind donation not only comes as a timely support for the patients and our medical team but also enables us to provide more comprehensive medical care and attention to the elderly, disabled and youth.

All direct expenses of fund-raising events have been sponsored by TWGHs Board of Directors and Title Sponsors of the events and no administrative costs will be deducted from the donations of the general public to ensure all public donations will go directly to our services.

Please act now and walk hand-in-hand with us to help people in need!

(TSOI Wing Sing, Ken)
Chairman
Board of Directors
