

Medical Equipment Donation Scheme 2020-2021

Tung Wah Group of Hospitals (TWGHs) has been serving Hong Kong people for 150 years. With the mission of “To heal the sick and to relieve the distressed”, TWGHs strives to provide all-rounded medical and community services to the local community.

TWGHs regularly review to excel the quality and efficiency of our services from time to time, while the acquisition of up-to-date facilities is also indispensable. The “Medical Equipment Donation Scheme” aims to raise funds for purchasing and replacing the worn-out or outdated medical equipment.

Since its establishment in 1990, the scheme has been supported by benefactors from all walks of life. With the donation received, more than 160 pieces of equipment were procured for our 5 hospitals and over 240 community service centres last year.

Your kind donation not only comes as a timely support for the patients, but also enables our service units to purchase and replace the medical equipment. Please act now and offer generously your help to the people in need!

All direct expenses of fund-raising events have been sponsored by TWGHs Board of Directors and Title Sponsors of the events and no administrative costs will be deducted from the donations of the general public to ensure all public donations will go directly to our services.
