

## Medical Equipment Donation Scheme 2021-22

Tung Wah Group of Hospitals (TWGHs) has been serving Hong Kong people since 1870. With the mission of “To heal the sick and to relieve the distressed”, TWGHs strives to provide all-rounded medical and community services to the local community.

In order to provide comprehensive medical services, besides a team of medical professionals taking good care of the patients, acquisition of the advanced and effective equipment becomes indispensable. TWGHs has launched the “Medical Equipment Donation Scheme” since 1990 to raise funds for purchasing the latest medical equipment and replacing the worn-out or outdated medical equipment of the 5 hospitals (Tung Wah Hospital, Kwong Wah Hospital, Tung Wah Eastern Hospital, TWGHs Wong Tai Sin Hospital and TWGHs Fung Yiu King Hospital) under the Group. In 2010, the Scheme has been extended to the community service centres to finance the auxiliary medical facilities. With the donation support from the well-wishers, more than 180 pieces of equipment were sponsored for our hospitals and community service centres last year.

Your kind donation not only comes as a timely support for the patients, but also enables our medical and community service units to purchase and replace the medical equipment.

All direct expenses of fund-raising events have been sponsored by TWGHs Board of Directors and Title Sponsors of the events and no administrative costs will be deducted from the donations of the general public to ensure all public donations will go directly to our services.

Please act now and offer generously your help to the people in need!

(TAM Chun Kwok)  
Chairman  
Board of Directors
