

♥ Medical Equipment Donation Scheme 2026-2027 ♥

Since its establishment in 1870, Tung Wah Group of Hospitals has been upholding the mission and tradition of "To heal the sick and to relieve the distressed" and "provision of free medical services". The Group has strived to provide quality and reliable medical and community services to the public, caring for the needs of the people of Hong Kong and walking alongside them through every stage of life.

Evolving with the times, TWGHs consistently innovates to stay aligned with the pace of society and proactively meet its everchanging needs through holistic services tailored to those in need. Since 1990, TWGHs has launched the "Medical Equipment Donation Scheme" to raise funds for purchasing advanced medical equipment and auxiliary medical facilities of the 5 hospitals (Tung Wah Hospital, Kwong Wah Hospital, Tung Wah Eastern Hospital, TWGHs Wong Tai Sin Hospital and TWGHs Fung Yiu King Hospital), as well as 258 community service units under the Group. Thanks for the generosity of the well-wishers across all sectors of society, sponsorship of more than 250 pieces of equipment were received last year. Every contribution brings hope to patients, while every piece of equipment donated enhances the resilience of life.

All direct expenses of fund-raising events have been sponsored by TWGHs Board of Directors and Title Sponsors of the event and no administrative costs will be deducted from the donations of the general public to ensure all public donations will go directly to our services.

We sincerely invite your generous contributions to support those in need and benefit the community!
