

Medical Equipment Donation Scheme (for Community Services)

Photos of Equipment with Acknowledgements

Example 1 (Whole-body Weight Bearing Vibration Therapy)

The above equipment was purchased in support of Po Chung Chuen Ying Home for the Elderly, helping over 600 elderly people each year to recover and strengthen their bones and muscles, as well as prevent Osteoporosis and improve balance level.

Example 2 (Laser Acupuncture)

The above equipment was purchased in support of Jockey Club Rehabilitation Complex to provide needle-free acupuncture to over 300 elderly people each year. The treatment helps reduce pain of the elderly, improve functional status and strengthen bodily functions.
