

## 2016/2017 Medical Equipment Donation Scheme (for Hospitals)

Since its establishment in 1870, the Tung Wah Group of Hospitals (“TWGHs”) has strived to uphold its tradition to heal the sick and relieve the distressed. Its five affiliated hospitals, namely the Tung Wah Hospital, Kwong Wah Hospital, Tung Wah Eastern Hospital, TWGHs Wong Tai Sin Hospital and TWGHs Fung Yiu King Hospital, provide professional and quality Chinese and Western medical services to the public, and endeavor to fill the service gap of the public health system.

In addition to the hearty patients care by our professional medical team, acquisition of latest medical equipment is indispensable for providing holistic medical services. Advanced technology enables our medical staff to better diagnose and provide timely treatment and rehabilitation to patients, so as to facilitate their speedy recovery.

The Medical Equipment Donation Scheme (for Hospitals) aims to raise funds for the five TWGHs affiliated hospitals to procure medical equipment that are needed immediately. Your kind donation will help our patients to rekindle a healthy life and provide a strong driving force to our medical team to continue providing the best treatment to those who are in need.

We cordially invite you to join us to support our patients to pass through their hard time. All direct expenses of the Scheme have been sponsored by TWGHs Board of Directors and no administrative costs will be deducted from the donations. Your donation will be fully used to finance the acquisition of medical equipment which will directly benefit the patients.

We look forward to your generous support.

(Katherine MA)  
Chairman  
Board of Directors

Our medical staff is using the *Computer Aided Virtual Reality Exerciser*, which was procured under this Scheme, to provide patients upper limbs training through visual and auditory stimulation. The equipment benefits 3,650 patients every year.
