

♥ Medical Equipment Donation Scheme 2025-2026 ♥

Established for 155 years, Tung Wah Group of Hospitals has been upholding the mission of "To heal the sick and to relieve the distressed" and adhered to the tradition of "providing free medical services". The Group has committed to providing comprehensive high-quality and reliable medical and social services to the public, working hand in hand with the people of Hong Kong.

As society rapidly progresses and technology advances everyday, TWGHs also keep pace with the times, constantly innovating and optimizing to fully support those in need. To take good care of the patients, TWGHs has launched the "Medical Equipment Donation Scheme" since 1990 to raise funds for purchasing advanced medical equipment and auxiliary medical facilities of the 5 hospitals (Tung Wah Hospital, Kwong Wah Hospital, Tung Wah Eastern Hospital, TWGHs Wong Tai Sin Hospital and TWGHs Fung Yiu King Hospital), as well as 257 community service units under the Group. Thanks to the overwhelming response from the well-wishers across all sectors of society, sponsorship of more than 240 pieces of equipment were received last year. This not only has enhanced our overall medical efficacy, but also allowed those in need to receive a more comprehensive medical care and attention.

All direct expenses of fund-raising events have been sponsored by TWGHs Board of Directors and Title Sponsors of the event and no administrative costs will be deducted from the donations of the general public to ensure all public donations will go directly to our services.

We sincerely invite your generous contributions to support those in need and benefit the community!

(HO Orlando Yaukai)
Chairman
Board of Directors
